Look forward to making memories of your own! Traveling is the best to create those memories.

Our motto says it all:

**‘We make the World Your Home’**

**It's okay to have an opinion.** It's okay to disagree with someone's opinion. It's not okay to humiliate them because they don't think the same way you do. **Show some respect.** Society needs more of that.

## **Bye-bye change fees (we won't miss you!)**

### **Change happens, fees shouldn't**

If 2020 has taught us anything, it's that change is unavoidable. But when several major airlines get rid of change fees for good, there's finally something to celebrate. Lock in a great price on a flight now and have the peace of mind you can easily reschedule.

Several major airlines, including Delta Air Lines, Alaska, American, and United Airlines, offer a choice of flexible ticketing options. Under these policies, you can change your flight once without any fees, as long as you travel within the departure dates specified by the individual airline policy. (Fare differences may apply, as always.) Some airlines will even let you cancel flights for future credit. So booking early lets you lock in a great price now on a fare with no change fees and have the peace of mind you can reschedule later.

Note: Exact policies vary by airline. Policies are subject to change.

## Travel Tips: How to Stay Safe While You Travel

- **Assess risk:** Evaluate the risks involved for all parties traveling, and reconsider taking a trip if you have an underlying health condition or are in a [high-risk category](#). If you feel sick, stay home.
- **Plan ahead:** Check the [Centers for Disease Control and Prevention](#) (CDC) to find the most up-to-date guidelines for **COVID-19**. Visit state and country websites to read executive orders, such as mandatory masks, quarantine for out-of-state or U.S. residents, or testing requirements and visit tourism board websites to review special procedures places of business have implemented.
- **Download the App:** By downloading Allianz's free [TravelSmart app](#), you'll have access to many safety features and helpful travel resources, available even if you don't have a policy. Tap "**Assistance Around Me**" to locate the closest hospitals, nearby doctors, pharmacies, police stations and **U.S. Embassies** if you experience an emergency overseas.
- **Be prepared:** Make sure you're equipped with extra quantities of masks, disinfectant wipes and hand sanitizers—for both road and plane travel and bring sealable plastic bags to dispose of used items.
- **On a plane, train, bus:** Wear a face covering and before sitting down, thoroughly wipe down all surfaces (especially high-touch areas like seat buckles) and use hand sanitizer frequently. Consider limiting beverage intake to avoid bathroom use and circulating during the journey.
- **At the pump:** With a surge in road trips, service areas and gas stations may be crowded—increasing the chance of exposure. Wear disposable gloves when pumping your gas and throw them in a trash bin before you open your car door. To limit contact with others, pay with a credit card (sanitizing it with a wipe after use).

- **When nature calls:** Public rest areas mean increased exposure, so remember not to retouch the faucet after washing your hands and to grab a few paper towels (and bring your own in case supplies run low) to grab door handles.
- **At the pool, beach, lake:** With no evidence that COVID-19 can be spread through the use of recreational waters, you should still maintain social distance, wear a mask while out of the water and be mindful of shared facilities.
